

## *Aries*

Super manoeuvrable, lightweight, quick and stable the Aries is perfect for exploring the coastline. The refined and dramatic design features of a flat hull and squared off stern will also excite those looking for a more extreme kayak to trip out to tide races and play the sea.

# SEA KAYAK

Sea kayaking or touring is the sport of paddling on the open water of lakes, bays, and oceans. Touring can involve journeys ranging from a few hours to many weeks, along protected coastlines and inland lakes or out in the open sea. Sea kayaks are seaworthy small boats with a covered deck and the ability to incorporate a spraydeck to keep water from entering the boat. They are much longer than whitewater kayaks, offering cargo capacity, ease of straight-line paddling, and comfort for long journeys. Sea kayaks generally accommodate one or two paddlers together with room for camping gear, food, water and other supplies. Sea kayaks usually range in length from 11-18 ft/3.3m–5.5m for solo craft, and up to 25 ft/7.6m for tandem craft. Increasing the length of a kayak generally adds speed, which is useful for covering long distances. Longer kayaks are also less maneuverable, as turning quickly is not as important in open water. Sea kayaks provide an excellent way to get out on the water – for a day or a week, on familiar terrain or unknown territory, alone or with family and friends.

# SEA KAYAK K1 COMPOSITE

Made from a combination of CARBON, Kevlar and fiberglass, they are lighter than their plastic counterparts but less durable in the event of impact.

## STELLAR - S18R

The Stellar 18 Race (S18R) was born from a simple desire to go fast. With a fair hull a longer waterline and narrower beam than the S18, the S18R is a racing machine. A reduced catch and the lightweight, yet stiff laminates boost your performance even further. As with the rest of the kayaks at Stellar, they are an uncommon blend of stability and speed, which are the hallmark of our brand. With the deck rigging and 2 water tight storage compartments, this boat is also a very capable kayak for touring as well as racing.

### SPECS:

Length: 5.5m - width: 53.2cm - weight: 14.5-22.5kg - paddler weight range: 55-100kg - max. cap.: 145kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## CS CANOE - GREENLAND 550

A medium-volume sea kayak in typical Greenland style. With this boat you can go for any kind of day trip and enjoy the performance which only a kayak with such a rich pedigree can give you. The Greenland 550 rolls easily for those of above-average height, allowing mobility for all styles of Eskimo roll. It has a high cruising speed, tracks straight through wind and waves, and is suitable for heavier paddlers. Standard features include an original Kayak Sport drop skeg and a new adjustable anatomical seat.

### SPECS:

Length: 550 cm - width: 52 cm - volume: Medium - weight: from 16 to 24 kg - paddler weight range: up to 95 kg

[www.cscanoe.com](http://www.cscanoe.com)

## TRAPPER - ARAL

The Trapper Aral is a good all-around kayak, suitable for a range of experience and a variety of paddling conditions. Yet in essence it is first and foremost a wonderful sea touring kayak. The hull is designed with a V-shape, which makes it very easy to turn and manoeuvre with a paddle. The kayak is equipped with two oval hatches for larger compartments and a minibox for easy access of the gear you need. The kayak comes with rudder/skeg combination.

### SPECS:

Length: 520 cm - width: 54 cm - weight: Ecolite 21-23 kg, Hillite 19-21 kg - paddler weight range: 80-110 kg - max. cap.: 130 kg

[www.trappercanoes.com](http://www.trappercanoes.com)

## CS CANOE - INUK EVO

This represents an evolution of the original Inuk, retaining the fast forward speed but with added stability, making it more of a complete sea kayak in the sense that it can now deal with all sea conditions. The maximum width is 51cm, and it has been given a new 84cm cockpit allowing easy entry and exit and improved deck ergonomics allowing better paddling independent of the weather. The Inuk evo retains its excellent load-carrying capacity and exceptionally high cruising speed, tracks straight and true and, thanks to its low profile aft, tends to weathercock very little.

### SPECS:

Length: 550 cm - width: 51 cm - volume: 400 l - weight: from 16 to 24 kg - paddler weight range: up to 100 kg

[www.cscanoe.com](http://www.cscanoe.com)

NEW FOR 2012

NEW FOR 2012

NEW FOR 2012

NEW FOR 2012

NEW FOR 2012

## TRAPPER - EYRE

The Trapper Eyre is designed with more rocker and a symmetrical hull-shape to make it a more playful kayak. It was designed by Hans Friedel taking his experiences from slalom paddling. Although it is a sea kayak, it feels very easy to control and maneuver. This kayak can be used for surfing and playing in the waves. It is equipped with 3 round hatches and comes with retractable skeg.

### SPECS:

Length: 500 cm - width: 54 cm - weight: Ecolite 20-22 kg, Hilite 18-20 kg - paddler weight range: 75-100 kg - max. cap.: 120 kg

[www.trappercanoes.com](http://www.trappercanoes.com)

NEW FOR 2012

## ZEGUL - BAIDARKA GT

The lower portion of its upswept bow is extremely narrow, allowing for clean entry lines, while the upper bow is fuller and wider, increasing buoyancy, causing the Baidarka to rise over the oncoming waves. Baidarkas are known for their unusually fast speed. With their Swede form and high volume stern they produce an incredibly high hull speed. The Baidarka GT introduced for 2012 season is designed keeping touring in mind for day/weekend trips or even a smaller expedition. The specially designed narrow hull provides you with incredible speed.

### SPECS:

Length: 540 cm - width: 53 cm - weight: A-core: 22-24 kg, 3D C-core: 19-21 kg - paddler weight range: 80-110 kg - max. cap.: 130 kg

[www.zegulmarine.com](http://www.zegulmarine.com)

NEW FOR 2012

## TRAPPER - MALAWI

The Trapper Malawi is designed to be a very fast and versatile sea kayak, for those who have the hunger for speed. It has a long and straightened keel line and is design with a V-shaped hull, which makes it rather easy to manoeuvre for a kayak this size. The Malawi is designed also keeping longer trips and expeditions in mind, as it has four compartments in all – two larger compartments equipped with oval hatches and a minibox and day-hatch for easy to reach gear. This kayaks comes with rudder/skeg combination.

### SPECS:

Length: 565 cm - width: 54 cm - weight: Ecolite 22-24 kg, Hilite 20-22 kg - paddler weight range: 85-125 kg - max. cap.: 160 kg

[www.trappercanoes.com](http://www.trappercanoes.com)

NEW FOR 2012

## QAJAQ - AVANAQ

A super fast and performing kayak inspired from ancient shapes. Available with three different hull designs (agile, normal, fast) and in two volume sizes (nomal and Medium volume). A superb design for demanding paddlers looking for performances.

### SPECS:

Length: 550 cm - width: 51 cm - volume: 290-320 l - weight: 22.5 kg - paddler weight range: 60-100 kg

## P&H - ARIES

The Aries takes the dramatically different design features and benefits from the Dolphin and refines them for composite material systems and for the lower impact environment where composite kayaks excel. Hard chines and a pronounced deck are smoothed, producing a very forgiving, speedy and lighter weight kayak. The Aries is ideal for anyone looking for a versatile, lightweight and stable kayak to explore the coastline and will excite those looking for a kayak to trip out to tide races to play the sea.

### SPECS:

Length: 485cm - width: 57cm - volume: 266 l - weight: 25kg (diolen) - paddler weight range: 65-125 kg

[www.phseakayaks.com](http://www.phseakayaks.com)

## LETTMANN - MAGELLAN TOURING PLUS

The Magellan is one of our most favorite sea kayaks. Available in two sizes this super stable expedition and touring kayak is safe, agile and easy to control, even in rough conditions like strong wind and huge waves. With our comfortable MAC-3-Cockpit, the easy to reach dayhatch and the two big storages you won't miss any comfort, even on long journeys. Available in high or low volume version you can have our Magellan with rudder or skeg or both.

### SPECS:

Length: 550 cm - width: 58 cm - volume: 367 l - weight: 20 kg (LCS), 25 kg (DCS) - paddler weight range: 60-120 kg - max. cap.: 165 kg

[www.lettmann.de](http://www.lettmann.de)

## AQUARIUS - EMOTION

This kayak is designed for dynamic paddlers, for whom the standard sea kayak size may be too large. Sea Emotion sizes make kayak control very easy and superior. This new boat is perfect for experienced paddlers, and is also a good choice for younger and lighter canoeists. This model was a base for us to create & design our first polyethylene sea kayak.

### SPECS:

Length: 505 cm - width: 56 cm - weight: 22 kg - paddler weight range: up to 110 kg - max. cap.: 200 kg

[www.aquariusport.com](http://www.aquariusport.com)

## LETTMANN - NORDSTERN EXPEDITION PLUS

For more than 30 years our Nordstern has been used on expeditions and sea kayak trips all around the world. This fast boat with a lot of volume and capacity for tons of gear is your chosen partner in every condition, no matter if you love to paddle rivers, lakes or the ocean. The integrated rudder and the lockable hatches are unique on the market and extremely valuable on your trips and journeys.

### SPECS:

Length: 555 cm - width: 58 cm - volume: 425 l - weight: 28 kg (DCS), 24 kg (LCS), 22 kg (VCS) - paddler weight range: 60 - 130 kg

[www.lettmann.de](http://www.lettmann.de)

## MIKS KAYAKS - MARLIN ACTIV

The Marlin Activ's well designed construction details with a modern Swede Form hull ensure that paddlers can enjoy efficient and relaxed performances and experiences in varied and rough conditions. The Marlin is mainly designed for expedition use and kayakers who paddle both in calm and rough waters, carry out long distances and have the need for real capacity of carrying expedition loads. Moreover it offers superior performance for those who feel comfortable paddling with a rudder and who enjoy the super easy and quick maneuverability that the Kajak-Sport Activ rudder offers.

### SPECS:

Length: 520 cm - With: 55 cm - Height: 36 cm - Weight: 24 kg - Total volume: 400 L - Volume stern: 138 L - Volume bow: 73 L - Front day hatch: 10 liter

[www.mikskayaks.com](http://www.mikskayaks.com)

## MIKS KAYAKS - VIKING ICON

The Viking Icon is a well-equipped, light and nimble British style sea kayak with Scandinavian features. These features represent: gently sloping V-hull, light paddling performance, increased stability, bigger volume for expedition use and excellent production quality. The Viking Icon is made for small to medium size paddlers, who prefer paddling with a great skeg kayak and love to control the kayak with their body. For those who want to sit comfortable in a well designed cockpit and enjoy the feeling of a well fitted sea kayak in various conditions.

### SPECS:

Length: 498 cm – Width: 55 cm – Weight: 23 kg – Total volume: 315 L – Volume stern: 90 L – Volume bow: 60 L – Front day hatch: 8 L

[www.mikskayaks.com](http://www.mikskayaks.com)

## NORTH SHORE - ATLANTIC

Based on the original but smaller Shore-Line, the Atlantic is every inch a contemporary sea-touring kayak. Featuring the combination of a shallow "V" hull and soft chines, the Atlantic gives the perfect blend of speed, responsiveness and predictability. These attributes boost confidence in the less experienced whilst allowing the more experienced to push themselves even in more challenging conditions.

### SPECS:

Length: 515cm - width: 55cm - volume: 360l - weight: 24.5 kg

[www.northshoreseakayaks.co.uk](http://www.northshoreseakayaks.co.uk)

## LETTMANN - MAXI TOURING PLUS

For 2011, we reissued our classic touring kayak the "Maxi" – a super stable, fast and easy to maneuver touring kayak for rivers and lakes that makes you feel safe like in Abraham's bosom. We also integrated our comfortable MAC-3-cockpit and a huge cockpit rim for large and strong paddlers. With day hatch and our new balance-rudder, the Maxi 2011 is ready for big adventures or even for the short evening run on your home lake or river.

### SPECS:

Length: 455 cm - width: 66 cm - volume: 405 l - weight: 19,5 (LCS), 24,5 (DCS) - paddler weight range: 75 - 120

[www.lettmann.de](http://www.lettmann.de)

## QAJAQ - AQUA LV & MV

The evolution of the all-around performing kayak, inspired from both Island of Sardinia and Avanaq. Great performances and superb control for the ultimate water feeling. Valley products accessories.

### SPECS:

Length: 521 cm - width: 52 cm - volume: 255 / 267 l - weight: 23,5 kg - paddler weight range: 65-100 kg

## QAJAQ - SEA WOLF LV & HV

Hard chines and big volume for a spacious comfortable performing kayak. A fast and versatile kayak for big expeditions, available now even in the low volume version.

### SPECS:

Length: 550 cm - width: 56 cm - volume: 340-376 l - weight: 23.5 kg - paddler weight range: 75-115 kg

[www.qajaq.it](http://www.qajaq.it)

## SKIM - BEAUFORT

The Skim Beaufort is a serious seaworthy kayak that combines a playful character with long range expedition features. Fully loaded the Beaufort will still be a stable easy maneuverable kayak with high cruising speeds. By using the newest computer technology the Skim design team has been able to find the ultimate balance between play and expedition a combination that has long been thought of as impossible. Beaufort is like all Skim Kayaks, built with the best materials and components on the market and of superior quality and finish.

### SPECS:

Length: 513 cm - width: 53.1 cm - weight: 21-23.5 kg - volume: 329 L - paddler weight range: 60-95 kg

[www.skimkayaks.com](http://www.skimkayaks.com)

## SKIM - BRAVE HEART

The Brave Heart coastal kayak is fast and maneuverable. Great for playing in rough water yet still comfortable carving turns, the Brave Heart also has storage space for longer trips. If you are a paddler aiming to improve your skills and like to face challenging conditions, the Brave Heart will be your choice. 30 years of experience in kayak building and knowledge of the newest composite technology's enabled the Skim design team to come up with a design that is unmatched at this stage.

### SPECS:

Length: 503 cm - width: 53.1 cm - weight: 25.5 kg - volume: 322 L - Paddler weight range: 60-95 kg

[www.skimkayaks.com](http://www.skimkayaks.com)

## SKIM - DISTANCE

A long-range kayak for those who aren't discouraged by a little blizzard. The boat's length and profile give it a sufficient loading capacity in combination with seaworthiness and reliable tracking in hard wind and rough seas. The hull's shape gives this long kayak exceptional maneuverability. And the keyhole ensures essential contact between paddler and boat and makes exits and entries in winter outfit easy. The kayak has three watertight compartments and is standard equipped with Kajak-Sport skeg system.

### SPECS:

Length: 585 cm - width: 52 cm - weight: 23.5-27 kg - Volume: 360 L - paddler weight range: 70-100 kg

[www.skimkayaks.com](http://www.skimkayaks.com)

## STELLAR - S14 TOURING KAYAK

When designing the Stellar 14' (S14) Touring Kayak, we wanted to have a boat that was efficient through the water, yet stable. Unlike any other boat of this length, the S14 has the speed of a much longer boat, but beginners can feel comfortable paddling it. Two water tight hatches allow for ample storage for day and overnight trips, while the retractable skeg in the stern helps with tracking. Its short length and light weight make it ideal for those who want a high performance boat, but are short on storage space or frequently car-top their boat.

### SPECS:

Length: 4.35m - width: 59.5cm - weight: 12-18kg - paddler weight range: 55-110kg - max. cap.: 150kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## STELLAR - S16 TOURING KAYAK

The Stellar 16 (S16) Touring Kayak was designed for speed and stability for long distance tours. We added a moderate concavity along the keel of the bow and stern to help with tracking in rough conditions. For windy days and following seas, a drop-down rudder off the stern will help keep your course. Higher decks allow for a dryer paddle in rough conditions and a large stern and medium bow compartment provide ample storage for your longer tours.

### SPECS:

Length: 4.95m - width: 56.2 - weight: 14-20.5kg - paddler weight range: 55-110kg - max. cap.: 160kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## STELLAR - S18 TOURING KAYAK

Similar to the S16, the Stellar 18 (S18) Touring Kayak was designed for speed and stability for long distance tours. With additional length and reduced beam, this boat glides through the water. Moderate concavity along the keel of the bow and stern helps with tracking in rough conditions. For windy days and following seas, a drop-down rudder off the stern will help keep your course. Higher decks allow for a dryer paddle in rough conditions. and a large stern and medium bow compartment provide ample storage for your longer tours.

### SPECS:

Length: 5.5m - width: 54.7cm - weight: 14.5-22.5kg - paddler weight range: 55-110kg - max. cap.: 160kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## TAHE MARINE - GREENLAND T

This is the kayak you have to try out if you are into Greenland style paddling. Maybe one of the most well recognized kayaks on the market today. With classic lines and low volume it has given many paddlers the joy and the interest of trying something new, or going "back to the basics" with traditional design. Tahe Marine Greenland style kayaks have particularly low volume and a tight fit to your body, which gives you full control of what you are doing and provides you with the feeling of being closer to the water than ever.

### SPECS:

Length: 545 cm - width: 53 cm - weight: TGC: 23-25 kg, TGC-lite: 22-24 kg, TCA: 20-24 kg, TCI-lite: 17-19 kg - paddler weight range: 80-115 kg - max. cap.: 135 kg

[www.tahemarine.com](http://www.tahemarine.com)

## TAHE MARINE - WIND SOLO

The Wind Solo was the first composite kayak in the Wind range introduced for the 2007 season. Now as a renewed third generation model for 2012 we have listened to our customers and improved this very popular model even more! Our Wind series is designed for speed. They are the fastest sea touring kayaks in the Tahe Marine line. Winds are an excellent choice for marathons, exercise trips and longer expeditions. The shallow V hull ensures fast acceleration, speed, and a nice balance between maneuverability and tracking.

### SPECS:

Length: 505 cm - width: 54 cm

[www.tahemarine.com](http://www.tahemarine.com)

The Riot Edge 14.5

Lightweight, sleek, tough and durable.

Thermoformed technology  
available on all our top touring boats!

## KAYAKPRO - NEMO

Designed by Rob Feloy to be the fastest in its class. Fast and smooth on flat water. Easy and predictable in a following sea (sea kayaks). The Nemo has a low volume cockpit area to allow unrestricted paddling action. The Nemo is a remarkably stable performance kayak, and unlike many kayaks it is specifically designed for the lighter paddlers. It comes as standard, fitted with bulkheads, decklines with recessed deck fittings, carrying handles, hatches a "Gas-peddle" rudder system, and the option of an upgrade carbon fibre rudder. Our higher volume version of this boat is the Marlin.

### SPECS:

Length: 547 cm - width: 547 cm - volume: Front 80 l / 21 gal - Aft 110 l / 29 gal - weight: 16.5 kg - paddler weight range: 45-86 kg / 100-190lbs

<http://swiftinternational.biz/kayaks/>

## VALLEY - ETAIN 17.3

The Etain has a very slight Swede form but is mostly neutral. Swede form boats have their widest point rear of center and, in theory, all other things being equal will be slightly quicker than other boats. But it is the perception of speed that is more...coming past and you have a paddle stroke that is more noticeable because you are now paddling in a narrower part of the boat giving a better sensation of the water coming past and a paddling stroke that is less encumbered by the deck of the boat. The Etain is designed to appeal to paddlers looking for an expedition style boat with this more contemporary feel. Winner of Canoe & Kayaks Composite Boat of the year 2011.

### SPECS:

Length: 525cm - width: 35cm - weight: 32cm - paddler weight range: 90-180cm

[www.valleyseakayaks.com](http://www.valleyseakayaks.com)

## VALLEY - NORDKAPP

One of the most famous sea kayaks in the world is also available in what Valley consider to be the best roto-moulded polyethylene (PE) construction available. Retaining all the legendary handling expected of a Nordkapp and features of an expedition ready kayak, the Nordkapp PE is a true combination of performance and value.

### SPECS:

Length: 545cm - width: 53cm - weight: 36cm - paddler weight range: 185-275lbs

[www.valleyseakayaks.com](http://www.valleyseakayaks.com)

## WORLDKAYAKS - COMMANDER TYPE-S

The Commander type-S is an expedition kayak in the new series. It is a sea kayak for those with a passion for long distance paddling and who want an exclusive design that radiates sportiness. This kayak was also designed by Boris Jakovlev, the team's specialist in hydrodynamics. He has used the principles of design with a round hull form for this kayak to produce predictable and well-balanced sea-going qualities important to the kayak's area of use. The focus on design of the hull was to give the kayak a smooth tracking action and a high degree of stability in a sea environment.

### SPECS:

Length: 570 cm - width: 57 cm - weight: 24 kg - paddler weight range: 70-100 kg

[www.worldkayaks.com](http://www.worldkayaks.com)

## WORLDKAYAKS - WK540

In brief, the WK540 is an easy-going sea kayak with good volume. The width of 59 cm may seem a bit more than the usual width of composite sea kayaks, but it guarantees you excellent stability. The long waterline and fast bottom shape, on the other hand, compensate the loss in speed; moreover, with this boat you may leave the concern for keeping up with the speed of fellow kayakers to the others. A roomy, front deck...larger-sized paddlers can feel comfortable.

### SPECS:

Length: 538 cm - width: 59 cm - volume: 415 l - weight: 25kg - paddler weight range: 70-100kg

[www.worldkayaks.com](http://www.worldkayaks.com)

## ZEGUL - 550

Zegul 550 is equally suited for expeditions, exercise and play. The stern deck is significantly lower than the bow deck, and the hull of Zegul 550 is designed so that you will be able to turn effortlessly even without the rudder. The kayak is fast and stable and thus the perfect kayak to accept any challenge you might confront on the water. These characteristics in combination with the timeless design and innovative materials create a kayak for those who really love to paddle.

### SPECS:

Length: 550 cm - width: 54 cm - weight: A-core: 24-26 kg, 3D C-core: 20-22 kg - paddler weight range: 85-120 kg - max. cap.: 140 kg

[www.zegulmarine.com](http://www.zegulmarine.com)

## ZEGUL - 520 HV

A high volume version of the Zegul 520, introduced for more gear and slightly bigger cockpit room. With rocker and a more symmetrical hull-shape this is a playful kayak. Hard chine, flat V-shape bottom with fine endings to bow and stern, it's made to maneuver. Low profile and easy to roll. Stainless steel rods for a towing system or to lock on a roof rack, and lots of cords on the deck for all of your gear. You have a choice if this kayak is equipped with the original skeg system or/and rudder system.

### SPECS:

Length: 520 cm - width: 53 cm - weight: A-core: 22-24 kg, 3D C-core: 19-21 KG - paddler weight range: 80-110 kg - max. cap.: 130 kg

[www.zegulmarine.com](http://www.zegulmarine.com)

## VALLEY - AVOCET

Ideally suited to small paddlers, and especially women, the Avocet is compact without compromising performance. Also a playful and fun day boat for the average paddler, it was developed from the popular Pintail but improved to provide better tracking and more forgiveness yet retaining its original lively handling. Also Available in an LV model and a Thermoformed Version

### SPECS:

Length: 488cm - width: 56cm - weight: 33cm - paddler weight range: 100-180lb

[www.valleyseakayaks.com](http://www.valleyseakayaks.com)

## KAYAKPRO - NAMU

The Namu is a fast and efficient fitness and recreational kayak. Stable, with great tracking. Its design is optimized to perform extraordinarily well, both on the ocean and on flat water. It is fully fitted-out with deck lines, recessed deck fittings, hatches and bulkheads, a pull-up smart track rudder and adjustable footrest system; it also incorporates an adjustable Italian seat, to allow you to trim the Namu to perfection. The Namu is available in 3 unique design sizes to create a better fitting and better performing boat.

### SPECS:

Length: 454 cm - width: 52-59 cm - weight: 15.5 kg - paddler weight range: 20-100kg

<http://swiftinternational.biz/kayaks>

# SEA KAYAK K1 PLASTIC

Heavier than composite boats, but offering more varied use and more durability in the event of impact.

## AQUARIUS - SEA EMOTION PE

First polyethylene sea kayak by Aquarius. Sea Emotion is shorter and narrower compared to the standard Aquarius sea kayaks line. It is V-shaped, giving optimal stability without losing its dynamic character and speed. Good quality for a reasonable price makes the Sea Emotion very popular

### SPECS:

Length: 505 cm - width: 56 cm - weight: 25 kg - paddler weight range: 70-100 kg

[www.aquariusport.com](http://www.aquariusport.com)

## EXO - XM515

The XM515 is our new high-performance sea kayak, completely made with cutting-edge digital modelling programs, representing the best performance for a polyethylene kayak. This sea kayak is equipped with 3 waterproof storage lockers, an adjustable seat, integrated knee pads, predisposition for rudder and instruments and so is suitable for the demanding kayaker looking for a high-performance sea kayak for sea trekking on both long and short distance routes.

### SPECS:

Length: 515 cm - width: 57 cm - weight: 25 cm - paddler weight range: 55-100 kg

[www.exokayak.com](http://www.exokayak.com)

## TAHE MARINE - REVAL MIDI PE

The Reval Midi PE model was introduced for the 2012 season, due to the huge success of the composite version. The Reval Midi is an ideal choice for adrenaline seekers, as this kayak has a wonderful stability and navigability even in breaking waves and strong winds. The hull is designed with rocker and upswept bow and stern to handle any challenging conditions of the sea. The kayak deck is equipped with a round, an oval and a day-hatch for easier entry into compartments. The Reval series kayaks are equipped with retractable skeg or retractable skeg/rudder option.

### SPECS:

Length: 515 cm - width: 56 cm - weight: 25-27 kg - paddler weight range: 80-110 kg - max. cap.: 130 kg

[www.tahemarine.com](http://www.tahemarine.com)

## ROBSON - TITRIS 14

Trim and well balanced the Titris 14's good natured design embraces spur of the moment outings to multi-day adventures. A stable hull design helps to develop skills and handles chop with ease. The well thought out deck, bow & stern hatches & bulkheads provide ample space for storage. The cockpit, outfitted with adjustable foot rests, thigh braces & backrest, maintains comfort on a long journey. Rudder ready.

### SPECS:

Length: 450 cm / 14' 9" - width: 60 cm / 23.5" - weight: 25 kg / 55 lbs - max. cap.: 140 kg / 300 lbs

[www.robson.de](http://www.robson.de)

NEW FOR 2012

## RTM - YSAK SK

New for 2012, the Ysak With Skeg. The Ysak is the ideal long distance touring kayak. Its long waterline ensures excellent tracking and a comfortable paddle. It has high volume storage compartments and the option of fitting a rudder. The Ysak's large hatch covers provide easy and convenient access.

### SPECS:

Length: 16'6" - width: 27.6" - weight: 61 lbs - max. cap.: 265 lbs

[www.rtmkayaks.com](http://www.rtmkayaks.com)

NEW FOR 2012

## TAHE MARINE - REVAL MINI LC PE

The Reval Mini LC PE model was introduced for the 2012 season, due to the huge success of the composite version. The Reval Mini LC was designed keeping in mind a higher volume version than the regular one. Although it ended up with a lot of similarities to the Reval Mini, it is still a slightly different kayak. With two cm wider hull and more volume, this kayak is definitely suitable for a medium sized paddler who wants to enjoy a roomier cockpit area whilst paddling. The LC cockpit with thighbraces provides a much easier entry and good support.

### SPECS:

Length: 490 cm - width: 54 cm - weight: 23-25 kg - paddler weight range: 70-100 kg - max. cap.: 120 kg

[www.tahemarine.com](http://www.tahemarine.com)

NEW FOR 2012

## TAHE MARINE - WIND SOLO PE

The Wind Solo was the first composite kayak in the Wind range introduced for 2007 season. Now as a renewed third generation model for 2012 we have listened to our customers and improved this very popular model even more! At the same time we have also introduced a high-density superlinear sandwich construction plastic version of this very popular model for 2012 season. Our Wind series is designed for speed. They are the fastest sea touring kayaks in the Tahe Marine line. Winds are an excellent choice for marathons, exercise trips and longer expeditions.

### SPECS:

Length: 505 cm - width: 54 cm - weight: 24-26 kg - paddler weight range: 80-110 kg - max. cap.: Approx. 130 kg

[www.tahemarine.com](http://www.tahemarine.com)

NEW FOR 2012

## VENTURE - CAPELLA 166

Proven performance sea kayaks with a long heritage within P&H sea kayaks, the Capella has been there, done that and got the T-Shirt. This boat will continue to prove its versatility in the Venture range as a single skin kayak offering true sea kayak handling. Suitable for everything from relaxed expeditions on larger rivers, lakes and coastal areas, to open crossings and multi day trips in challenging conditions.

### SIZES: CAPELLA 160, CAPELLA 166

#### CAPELLA 166 SPECS:

Length: 505cm - width: 56cm - volume: 349lts - weight: 24.5 kg - paddler weight range: 166 – 65-120kgs

[www.venturekayaks.com](http://www.venturekayaks.com)

## BOREAL DESIGN - BAFFIN

Boreal Design can now make sure that all kayakers will be able to paddle a Baffin that fits them properly in terms of volume and material. For the next season it comes in three different sizes in composite and polyethylene versions. Its thoroughly designed hull presents hard chines teamed with a shallow V hull, which gives the Baffin a superior manoeuvrability without taking away any of its speed.

**SIZES: BAFFIN 16'6", BAFFIN 17', BAFFIN 17'6"**

### Baffin 17" SPECS:

Length: 17' - width: 22.25" - volume: 99 gal - weight: 60 lbs - paddler weight range: 140-225 lbs

[www.canadian-trading.de](http://www.canadian-trading.de)

## CLEAR WATER DESIGN - ALGONQUIN

The Algonquin kayak has a very large, spacious cockpit area making entry & exit very easy. This super straight tracking kayak is very fast on the water. Standard features include a foot controlled rudder system, padded seat with pump up lumbar support, 2 bulkheads, 3 storage compartments, thigh pads, self rescue straps, deck rigging and carry handles.

### SPECS:

Length: 420 cm - width: 64 cm - weight: 24 kg - max. cap.: 136 kg

[www.clearwaterdesignboats.com](http://www.clearwaterdesignboats.com)

## EDDYLINE - FATHOM

The Fathom is sure to please the paddler looking for that extra edge of performance regardless of your skill level. Its highly efficient hull is fast, nearly effortless to accelerate to speed, yet carries a comfortable degree of initial stability. The combination of hard chines and a healthy degree of rocker provide high secondary stability making leaned carved turns and bow rudder turns a breeze. The Fathom tracks well either forward or backwards and subtle deployment of the skeg in small increments allows for fine tuning in any wind/wave or gear loaded configuration.

### SPECS:

Length: 16.5' / 490 cm - width: 22" / 56 cm - volume: 12.9 ft³ / 365 L - weight: 50 lbs / 22.7 kg - paddler weight range: 140-225 lbs / 64-125 kg

[www.eddyline.com](http://www.eddyline.com)

## EDDYLINE - SAMBA

You will feel like you are dancing when you slip into the snug keyhole cockpit and feel the effortless acceleration from your paddle strokes. Have a little maneuvering to do? Just edge this sweetie on its side and with a stroke of the paddle you will feel her carve like a fine German knife. Need to get across that big channel? Drop the skeg down and feel the rails set in for great straight tracking. Quartering seas or cross winds a bother? Just fine-tune the skeg position to neutralize the problem and keep on with your normal stroke. This boat is just plain fun!

### SPECS:

Length: 13' 10" / 390 cm - width: 22.5" / 57 cm - volume: 10.2 ft³ / 289 L - weight: 43 lbs / 19.5 kg - paddler weight range: 100-175 lbs / 45-80 kg

[www.eddyline.com](http://www.eddyline.com)

## ELIE - STRAIT 140 XE

Winner of Outside Magazine's 2011 "Gear of the Year" award, this kayak offers a unique combination of performance, durability and design, making it fast, easily manoeuvrable and extremely stable. Made of lightweight and durable Poly-XR™, it is said to feel "as stiff as any composite kayak at half the price." Elie uses Twin Sheet Thermoforming to produce the industry's stiffest, strongest and most durable polyethylene kayaks.

### SPECS:

Length: 14' / 427cm - width: 25" / 64cm - weight: 55lbs / 25kg - max. cap.: 300lb / 136kg

[www.pelicansport.com](http://www.pelicansport.com)

## HURRICANE - TAMPICO 140 S

You'll ask yourself if you're actually touching the water. That's how sweet the glide is on the 45-pound Tampico 140S. It's big time composite performance. The subtle yet sheer line on this boat slices through everything in its path, including heavy chop. Translation? You stay dry and go fast. And with an integrated keel line, it tracks like it's on rails. We've designed it with ample storage for wandering, so you can comfortably take the Tampico out for a couple of days.

### SPECS:

Length: 14' / 430 cm - width: 23.5" / 59cm - weight: 45 lbs / 20 kgs - max. cap.: 250 lbs / 113 kgs

[www.hurricaneaquasports.com](http://www.hurricaneaquasports.com)

## JACKSON KAYAK - JOURNEY

This touring model is all about balance, blending stability with outstanding performance characteristics and exceptional comfort whether you're a beginner that is learning the basics or the most seasoned paddler looking for a confidence-inspiring boat for heavy-water rock garden paddling. Ample storage and attention to comfort invite multi-day adventures. Comes standard with Smart Track rudder system for precision paddling although is available without if cost is a priority. Comes in two Lengths, 13.5 and 14.

### SPECS:

Length: 13'5" - width: 23" - weight: 52.5 lb

[www.jacksonkayak.com](http://www.jacksonkayak.com)

## NORTHSHORE - ASPECT RM

Featuring the same shallow 'V' hull and soft chines as its composite namesake, the Atlantic RM gives the same blend of speed responsiveness and predictability. The combination of its tough RM shell and several unique design features makes this one of the safest and best value plastic sea-touring kayaks currently available. Available in 2 sizes.

### SPECS:

Length: 449 cm - width: 60cm - weight: 22.5kg

[www.northshoreseakayaks.co.uk](http://www.northshoreseakayaks.co.uk)

## P&H - DELPHIN

This new P&H Delphin 155 turns traditional sea kayak design on its head and challenges many preconceived ideas of how a sea kayak should look and behave. The cockpit has been moved backwards and the stern squared off so the bow just kisses the water, but when paddling the stern engages and aids tracking. This combination is unique to the Delphin creating a kayak that is long enough to paddle like a traditional sea kayak on flat water with enough speed to keep up with the pack but will transform into a new genre of free-ride sea kayak when it hits moving water, coming alive in tide races, over falls and surging water.

### SPECS:

Length: 485cm - width: 57cm - volume: 267 l - weight: 26.5kg - paddler weight range: 65-125kg

[www.phseakayaks.com](http://www.phseakayaks.com)

## PERCEPTION - EXPRESSION

Launched just last year, the Perception Expression has already proven itself as a versatile sporty tourer. With impressive forward speed, smooth glide and sharp looks, you'd be forgiven for thinking you were in a full length sea kayak. That is until you raise the spring-loaded skeg and benefit from the slight rocker that enables the quick manoeuvring perfect for rock hopping, tidal races and surfing.

**SIZES: EXPRESSION 14, EXPRESSION 15**

**EXPRESSION 17" SPECS:**

Length: 15= 456cm / 14= 442cm - width: 15= 61cm / 14= 59cm - weight: 15= 26kg / 14= 24kg - max. cap.: 15= 140kg / 14= 130kg

[www.perceptionkayaks.com](http://www.perceptionkayaks.com)

## PRIJON - DAYLINER S

The DAYLINER S is a short, light single tourer for lakes and rivers. Smaller, lighter paddlers will feel at ease in this boat right away. Thanks to the flat, well-cushioned thigh rest, the ideal seating position is quickly adopted. The Dayliner S has two watertight bulkheads and a comfortable seating area. The simple deck equipment saves weight and we can offer a favourable base price.

**SPECS:**

Length: 380 cm - width: 62 cm - volume: 285 l - weight: 22 kg - paddler weight range: 50 - 70 kg - max. cap.: 80 kg

[www.prijon.com](http://www.prijon.com)

## PRIJON - SEAYAK 500 LV

The 500 LV is a sporty fast kayak for smaller and lighter paddlers. Main features are the slim and sporty form, small overall volume as well as a seating hatch with an ideal seating position for smaller paddlers. Due to the flat upper boat at the rear, the 500LV is not very susceptible to lateral wind and offers a lot of backspace when rolling up. Characteristic lines on the lower boat, derived from our V-frame, provide the 500LV with a high tracking quality as well as good agility across the lateral edge.

**SPECS:**

Length: 500 cm - width: 57 cm - volume: 335 L - weight: 26 kg - paddler weight range: 50-85 kg - max. cap.: 100 kg

[www.prijon.com](http://www.prijon.com)

## LIQUIDLOGIC - INUIT 14.5

Why choose a touring kayak that's hard to paddle when there's an easy kayak right here? More than a few sea kayak aficionados have had their eyes opened by the 14.5. It's the speediest Inuit model and still exhibits the family's comforting stability and true tracking. In other words, you get touring kayak performance in a boat that has recreational kayak manners. You'll be comfortable, you'll be stable, and you'll keep pace with those bigger boats.

**SPECS:**

Length: 14' 6" / 442 cm - width: 24.5" / 62 cm - weight: 61 lbs / 28 kg - cockpit: 35" x 20.5" / 89 x 51 cm - max. capacity 350 lbs / 158.5 kg

[www.liquidlogickayaks.com](http://www.liquidlogickayaks.com)

## RIOT - EDGE 14.5

With its slender bow and slim deck profile, the rudder-equipped Edge 14.5 is where elegance and efficiency cross paths: it has just the right amount of chine and keel to make it track well, yet has a swift and versatile character. And to top it all off, it has most of the features serious sea kayakers call their own, minus the snobbishness.

**SPECS:**

Length: 14' 6" / 442 cm - width: 22.5" / 57 cm - weight: 63.5 lbs / 28.8 kg - max. cap.: 325 lbs / 147 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## PRIJON - SEAYAK 520 HV

The 520 HV is geared at medium and high weight. Long luggage tours across open waters are its domain. The dished sides of the lower boat provide it with a reliable secondary stability. Flat on the water the 520 HV possesses a high tracking quality, but is easy to maneuver along bends via its lateral edges.

### SPECS:

Length: 518 cm - width: 59 cm - volume: 370 L - weight: 27 kg - paddler weight range: 80-120 kg - max. cap.: 140 kg

[www.prijon.com](http://www.prijon.com)

## RIOT - BRITTANY 16.5

Our proven, award-winning British-style sea kayak, the Brittany's reputation speaks for itself: fast and agile, yet accessible to paddlers of all skills, its stability instantly makes you feel at ease while its moderate width makes it possible for expert paddlers to express all the subtlety that is possible to bring in fine sea kayak handling. Plenty of deck storage, a compass recess, lifelines and safety straps complete the package, with all due respect to the tradition of elegance the Brittany belongs to.

### SPECS:

Length: 16'6" / 503 cm - width: 21.75" / 55 cm - weight: 62.8 lbs / 28.5 kg - max. cap.: 350-159 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - EDGE 11

Low on the water, the stable and agile Edge 11 literally feels like a shrunk-down sea kayak thanks to its progressive chine and a generous, yet sleek outline. The integrated keel makes its hull stiff and the skeg lets it focus on destination, while the front deck rigging and rear watertight compartment take care of your belongings.

### SPECS:

Length: 11' / 335cm - width: 27" / 69 cm - weight: 54 lbs / 24.5 kg - max. cap.: 275 lbs / 125 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - EDGE 13

With an eye-pleasing low deck profile so you don't feel lost inside, and a package of features that would make any sea kayak blush with envy, the Edge 13 brings together harmony of shape and relevancy of features. Its hull offers a nice blend of primary and secondary stability, so you'll be comfortable immediately, in a boat that will grow with you.

### SPECS:

Length: 13' / 396 cm - width: 25" / 64 cm - weight: 56.9 lbs / 25.8 kg - max. cap.: 300 lbs - 136 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - ENDURO 12

Wide and stable, the Enduro 12 is all about safety and cargo capacity. Its gently grooved hull and integrated skeg have well-blended durability and tracking, while the structured deck, large cockpit with thighbraces and front and rear watertight compartments allow you to use it in a wide range of adventures, from simply cruising around to carrying all your gear to tackle that elusive bass you saw on the other side of the bay.

### SPECS:

Length: 12' / 366 cm - width: 28" / 71 cm - weight: 57.7 lbs / 26.2 kg - max. cap.: 350 lbs – 159 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - ENDURO 13

A bit of front deck rigging, a rod holder and two watertight hatches were just what it took to complete this racy kayak's list of offerings. Amongst other items are speed, amazing secondary stability and tracking, thanks to a streamline, grooved hull that brings this fairly short kayak to life so it can stand its ground with much longer units.

### SPECS:

Length: 13' / 396 cm - width: 26" / 66 cm - weight: 53.4 lbs / 24.2 kg - max. cap.: 300 lbs / 136 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - ENDURO 14

Close your eyes and you will think you are handling the finest of sea kayaks. Open them and you will find yourself surrounded with just the soundest features to properly enjoy a day on the water: watertight compartments, front deck rigging, paddle hook, rudder and a unique, racy style that will make you vow you'll never close your eyes again on the Enduro 14.

### SPECS:

Length: 14' / 427 cm - width: 24" / 61 cm - weight: 61.3 lbs / 27.8 kg - max. cap.: 325 lbs / 148 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## RIOT - EVASION 15.5

The only true hybrid of rec and sea kayak, the Evasion has the distinctive concave multi-chine hull design that has led our kayaks in the durability hall-of-fame, yet with the finesse it takes to keep up with the best greenlanders in terms of speed and tracking. Cap that with a low, sleek deck and plenty of rigging, and you've got a very functional and exciting unit.

### SPECS:

Length: 15'6" / 472 cm - width: 24" / 61 cm - weight: 61.7 lbs / 28 kg - max. cap.: 325 lbs – 148 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

## ROTO - BURAN EXPEDITION

A sea kayak with a shorter hull for additional manoeuvrability and more rocker for greater secondary stability and easier turning. Available in 3 different versions basic - weekend - expedition

### SPECS:

Length: 430 cm - width: 60 cm - volume: 300 l - weight: 25 kg - paddler weight range: 95 kg

[www.ROTO.si](http://www.ROTO.si)

## WELHONPESA - BIGFOOT 1

BigFoot is for paddlers seeking good access into the cockpit and good footroom but still wanting a well performing kayak in the most demanding conditions. The BigFoot has a low back deck which gives the paddler a great position for eskimo rolls and for lower wind effect. The slightly V-shaped hull has been designed to be very stable.

### SPECS:

Length: 534 cm - width: 57 cm - weight: 25kg

[www.welhonpesa.fi](http://www.welhonpesa.fi)

## WINNER KAYAK - DREAMER

The Dreamer was so named as it is the dream child of innovative design and customer requirements. The two years on the drawing board eventually produced a sea touring kayak that weighs in at just 23 kg, without compromising hull stability. At such a low weight it still has a maximum capacity of 130 kg. It is a credit to the design team, that such a light kayak is perfect for comfortable, long distance paddling. Be it for the beginner or the novice, the Dreamer is an excellent choice of sea tourer.

### SPECS:

Length: 445 cm - width: 58 cm - weight: 23 kg - max. cap.: 130 kg

[www.winnerkayak.co.uk](http://www.winnerkayak.co.uk)

## BIC SPORT - ADVENTURE 120

The new Adventure 120 Sit-in is as easy to paddle as a sit-on-top but with a bit of extra glide and great for paddling on lakes, rivers, lagoons and calm seas. Fast and stable, it's aimed at kayakers looking for a great compromise between extra glide and less volume. The wide cockpit shape assures a hassle-free launch and land. Adjustable foot rests and the high quality "Ergoflex Seating" seat give excellent paddle comfort. The padded knee rests add an extra and very welcome touch.

### SPECS:

Length : 12' / 366 cm - width 28" / 71 cm - weight: 50 lbs / 23 kg - max load: 325lbs / 147 kg

[www.bicsportkayaks.com](http://www.bicsportkayaks.com)

# SEA KAYAK K2 COMPOSITE

Made from a combination of CARBON, Kevlar and fiberglass, they are lighter than their plastic counterparts but less durable in the event of impact.

## WORLDKAYAKS - WK640

Let us introduce to you the sensation for the 2012 season among double sea kayaks - WK640. It is a fantastic combination of speed and volume. Thanks to the middle compartment this boat has more dry storage space than the majority of doubles. Because of the shape and dimensions of the bottom, this boat is really fast. It has a relatively low deck for a double and therefore there is enough comfort for shorter paddlers as well.

### SPECS:

Length: 639 cm - width: 66 cm - volume: 631 L - weight: 40kg

[www.worldkayaks.com](http://www.worldkayaks.com)

## CSC CANOE - CALYPSO EXPLORER PRO21

A double kayak for the sea and flat water suitable for long trips and camping. Its hard-chined hull makes it stable in all conditions, particularly in waves, as well as allowing easy turns and high cruising speeds, allied to a high loading capacity. The Calypso 21 is a dependable, easy-to-use boat, ideal for those starting out in the sport, allowing them to paddle straightaway in complete safety. Other deck accessories can be special ordered.

### SPECS:

Length: 650 cm - width: 59 cm - volume: 675 l - weight: 22-35 kg - paddler weight range: up to 120 kg

[www.cscanoe.com](http://www.cscanoe.com)

## KAYAKPRO - ZAZZZU

Zazzu K2 is based on the award winning features of the Nemo — but in a double Kayak. It is a fast, ocean and flat racing K2 — stable and able to contend with all conditions. Its pronounced buoyant bow allows ease in surfing without fear of burying. Zazzu K2 outperforms any other all-condition K2's in both flat water and on the ocean, its stability allows it to be paddled by all. It comes complete with hatches, deck-lines paddle rudder system, has paddle cut-aways and is fitted with a Smart-track retractable rudder.

### SPECS:

Length: 650 cm / 21'3" - width: 57 cm / 22.45" - weight: 25kg - paddler weight range: 40-100kg / 90-220 lbs per person

<http://swiftinternational.biz/kayaks/>

## LETTMANN - OZEAN III TOURING PLUS

The Lettmann Ozean III is an easy to handle sea and touring kayak with a very stable bottom. That makes it perfect for beginners and experienced kayakers. The dynamic appearance shows all new Lettmann design features of the "Touring Plus" concept. A real innovation is the third cockpit in the middle, which could be used as extra storage or a kids or dogs cockpit. This possibility of modifying it for all changes in life makes the Ozean III one of the best family boats on the market.

### SPECS:

Length: 550 cm - width: 76 cm - volume: 680 l - weight: 32 kg (LCS), 38 kg (DCS) - max. cap.: 280 kg

[www.lettmann.de](http://www.lettmann.de)

## MIKS KAYAKS - UNALASKA ACTIV

The Unalaska is a versatile and spacious double kayak. It is a favored choice for longer open sea crossings as well as ordinary family use. It is very easy to pack and its load capacity is remarkable. The Unalaska is stable and quite easy to maneuver in rough sea. The sense of steady stability is a key factor for the secure feeling you get while paddling the Unalaska. The distance between the paddlers is long enough so that they can practice different paddling styles and pace. The Kajak-Sport Activ rudder extends the control and maneuverability of the kayak in rough conditions.

### SPECS:

Length: 604 cm – width: 65 cm – weight: 36 kg – total volume: 685 L – volume stern: 115 L – volume bow: 60 L

[www.mikskayaks.com](http://www.mikskayaks.com)

## NORTHSHORE - ATLANTIC 2

This high performance double has characteristics that match those of its single namesakes. This combination of confidence-inspiring stability and high cruising speed makes it a fantastic double for any length of trip.

### SPECS:

Length: 610 cm - width: 64 cm - volume: 625 l- weight: 36 kg

[www.northshoreseakayaks.co.uk](http://www.northshoreseakayaks.co.uk)

## STELLAR - ST17

The Stellar Tandem 17 is ideal for family outings in lakes and rivers. The wide beam provides a stable platform for paddling and the generous cockpit openings make it easy to enter and exit the boat. Dry storage in bow and stern hatches provide ample room for your gear, whether a light snack or gear for a multiple day adventure.

### SPECS:

Length: 530 cm - width: 71 cm - weight: 18-29.5kg - paddler weight range: 55kg – 110kg - max. cap.: 230kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

# SEA KAYAK K2 PLASTIC

Heavier than composite boats, but offering more varied use and more durability in the event of impact.

## RIOT - POLARITY 16.5

The fastest rotomolded tandem and amongst the shortest and easiest to handle, the Polarity has this distinctive catamaran hull that makes it quick, stable and durable all at once. Plenty of room for storage in the front and rear compartments, a full lifeline and lots of deck rigging complement this fun boat with a touch of safety and convenience.

### SPECS:

Length: 16'6" / 503 cm - width: 26" / 66 cm - weight: 89.3 lbs / 40.5 kg - max. cap.: 550-250 kg

[www.riotkayaks.com](http://www.riotkayaks.com)

# SEA KAYAK SURF SKI

Built for speed on the ocean and designed for training, day trips or racing, these long, sleek designs have exceptional tracking and allow paddlers to move swiftly through waves and rough sea conditions.

## AQUARIUS - SEA BANDIT

New feeling on water straight from Hawaii. Fast and stable thanks to the special outrigger float on the left. This discipline is more and more popular and you can enjoy it now. Take your OC1 for surfing or racing. But, don't forget to take your paddle.

### SPECS:

Length: 656 cm - width: 39 cm - weight: 18 kg - paddler weight range: 70-110 kg

[www.aquariusport.com](http://www.aquariusport.com)

## CITIUS - CITIUS 44

A great kayak for former competitive paddlers who prefer a more stable kayak for training and races. Citius 44 gives you the feeling of sitting in a competition kayak, but it is far more stable. The racing seating position and narrow front deck provides for a great catch. The Citius 44 is used by many former competitive paddlers in Scandinavia. Well-trained athletes may make 10km in 45 mins. The kayak's stability also makes it popular with canoe clubs, especially as a transition for young athletes who will later make it to the faster competition kayaks.

### SPECS:

Length: 520 cm - width: 44 cm - weight: 8.5 / 10.5 / 12 kg - paddler weight range: 45-110 kg

[www.citius-kayaks.com](http://www.citius-kayaks.com)

## EXO - XMTOP

Created with the same research as the sit-in XM515, this sit-on-top with top of the range features is one of the best kayaks in its class. The vacuum drainage system keeps the seat dry during navigation even for heavy-set paddlers, the leg support system increases safety and enables the easy execution of Eskimo rolls. Standard features: - 1 oval waterproof storage locker - 2 handles - 2 "points" for leash anchoring - 17 decks fitting with perimetral rope and cover elastics. Optional: - rudder - instrument - navigation light

### SPECS:

Length: 515 cm - width: 57 cm - weight: 23 kg - paddler weight range: 55-100 kg

[www.exokayak.com](http://www.exokayak.com)

## SEABIRD DESIGNS - WAVE 5.5

The Wave 5.5 is a stable, comfortable surfski with a surprising speed potential, for beginners or intermediate paddlers. With medium rocker and very high secondary stability it is intended for a general touring ski for most conditions, as a training ski for intermediate paddlers in rough conditions, or as a racing ski for newcomers to surfski racing.

### SPECS:

Length: 555 cm - width: 55 cm - weight: Club: 18 kg (39.71 lbs) Advantage: 16 kg (35.30 lbs) Pro: 14 kg (30.89 lbs) Pro Ultra: 11,5 kg (25.37 lbs) - paddler weight range: 50-100 kg - max. cap.: 120 kg

[www.seabirddesigns.com](http://www.seabirddesigns.com)

## CITIUS - CITIUS 55

With a stability level matching a fast sea kayak, most beginners should be able to master this kayak in a short time. Citius 55 is responsive and will still give you that "racing" feeling. Comes with a rear hatch.

### SPECS:

Length: 520 cm - width: 55 cm - weight: 11 / 13.5 / 15 kg - paddler weight range: 50 - 120 kg

[www.citius-kayaks.com](http://www.citius-kayaks.com)

## CITIUS - CITIUS 60

Citius 60's stability level equals a standard sea kayak. It is best suited for paddlers over 70 kg, and it is the perfect kayak for the paddling novice who wants a lightweight kayak for training or day trips. A well-designed seat and foot rest will give you a good paddling position in the boat. Comes with a rear hatch.

### SPECS:

Length: 520 cm - width: 60 cm - weight: 11.5 / 14 / 15 kg - paddler weight range: 60 - 120 kg

[www.citius-kayaks.com](http://www.citius-kayaks.com)

## SPIRIT - PRS ELITE SKI

The world's first 5.7 m length premium grade high performance PE Sit on Top Surf Racing Ski. At home in river rapids or catching waves in the ocean. Available with surf or trailing rudder or dual rudder option.

### SPECS:

Length: 567 cm - width: 50 cm - weight: 18.3 kg - max. cap.: 110 kg

[www.spiritpaddlesports.com](http://www.spiritpaddlesports.com)

## STELLAR - S2E SURF SKI

The Stellar Elite Double (S2E) Surf Ski will have you smiling – the raw power of 2 paddlers is a rush. With the same characteristics of the SE, which Paddlers Worldwide recognize that our Surf Skis are unlike any other on the market today. Stability inherent in the design gives you confidence to truly push yourself in all conditions without compromising speed.

### SPECS:

Length: 750 cm - width: 48 cm - weight: 16.5-24 kg - paddler weight range: 55-110 kg - max. cap.: 220kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## STELLAR - SEL SURF SKI

The Stellar Elite Low (SEL) Surf Ski came in response to the paddlers in more sheltered waters looking for reduced windage on the bow deck. We have lowered the bow deck, narrowed the catch, and increased the length of the footwell compared to the original SE Surf Ski. With the same hull as the SE, it maintains its stable platform and great speed.

### SPECS:

Length: 655 cm - width: 44 cm - weight: 10.5-15.2 kg - paddler weight range: 55-110kg - max. cap.: 130kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## STELLAR - SES SURF SKI

The Stellar Elite Small (SES) is specifically designed for lighter weight paddlers, where the length, beam, depth and wetted surface fit the paddler. The SES has been optimized in every way to suit the smaller paddler, as compared to the competition. At Stellar, we know the importance of the relation between the paddlers' size and the wetted surface area of the boat. We refuse to compromise, giving you a boat with the same stability and speed of our original Stellar Elite Surf Ski, yet hydro-dynamically optimized for a smaller paddler.

### SPECS:

Length: 620 cm - width: 41.6 cm - weight: 10-15kg - paddler weight range: 40-90 kg - max. cap.: 100kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

## STELLAR - SR SURF SKI

The Stellar Racer (SR) is designed to be stable and fast, with a length of 19' 3" and beam of 19". This boat will be the choice for those looking to transition from a touring kayak or those who want more stability in rough conditions. The SR will surprise you with a top end speed of a much longer boat!

### SPECS:

Length: 584 cm - width: 48 cm - weight: 11-15 kg - paddler weight range: 55-110 kg - max. cap.: 135kg

[www.stellarkayaks.com](http://www.stellarkayaks.com)

# SEA KAYAK PADDLES - HIGH END

Lightweight construction and advanced technology create a high performance paddle.

NEW FOR 2012

## H2O - SUPERTOUR

Finally, the wait is over! The H2O SuperTour (the first-ever Nano-Metal kayak paddle) is available for purchase. The SuperTour blade shape allows for a smooth, flutter-free stroke that H2O Performance Paddles is known for, while the Nano-Nickle exoskeleton provides a stiffness and impact resistance that is breathtaking.

### SPECS:

Length: 210-240 cm - weight: 32 oz - feather: 0 - 90° in L and R hand - material: Nano-Nickle

[www.h2opaddles.com](http://www.h2opaddles.com)

NEW FOR 2012

## KANUK - P1

A parallel bladed wing paddle with a nice catch and that is smooth and balanced through the stroke. Recommended for those who don't want a big blade. The blade is made in fibreglass (fg), carbon/fibreglass (gc) or carbon (fc), with epoxy for different stiffness. Blade length: 45 cm.

### SPECS:

Length: Customer size - weight: apr. 790 gr. - blade size: 45 x 15 cm - feather: Take-a-part system - material: Fibreglass, Fibreglass/carbon or Full carbon

[www.kanuk.nu](http://www.kanuk.nu)

NEW FOR 2012

## KOBER - POSEIDON EFC

The high end touring paddle for high angle paddlers. Accelerating blades with EFC-technology track easily and safe. Proven hydrodynamical designs provide for smooth catch and release. The tracking fin gives flutter-free strokes.

### SPECS:

Length: 210, 215, 220, 230 cm - weight: ca. 650 g - blade size: 48,5 x 19,5 cm - feather: 60° R/L - material: carbon, EFC

[www.kober-paddel.de](http://www.kober-paddel.de)

NEW FOR 2012

## LIGHTNING - OFF SHORE

Lightning is known for their thin but very strong blades and the Off Shore fits this image. All carbon with a foam core, a well-balanced low angle paddle that excels in distance paddling.

### SPECS:

Length: 210-240 cm - weight: 650 gr - blade size: 51 x 14,5 cm - feather: custom - material: Carbon

[www.robson.de](http://www.robson.de)

NEW FOR 2012

## ROBSON - SYNERGY CARBON HELIUM

The 600 gram, foam core, all carbon Helium is lighter than air. Our lightest blade, the Synergy offers a smooth & efficient stroke for high angle paddling. Balanced, forgiving, effortless. Available in straight and Pro Logic bent shaft.

### SPECS:

Length: 210-240 cm - weight: 600 gram - blade size: 44 x 17,5 cm - feather: custom - material: carbon foam core

[www.robson.de](http://www.robson.de)

NEW FOR 2012

## SELECT - X.TR

As the new jewel of our touring range, the X.TR is an amazing paddle. Light, smooth strokes, comfortable and maneuverable the XTR will satisfy beginners as well as the most experienced paddlers.

### SPECS:

Length: 200-250 cm - weight: 700gr - blade size: 590 cm² / 660 cm² / 720 cm² - feather: Custom - material: Carbon

<http://select-kayaks.com>

## NEW FOR 2012

### Z & J SPORTS - SEA KAYAK PADDLE

Brand new touring paddle with the following features: • 100% carbon fiber construction • Clear coated paddle blade • Adjustable split shaft, 10cm adjustment • PVC foam core • Superlight weight of 600 g +/- 20g • 3 blade shape, 3 carbon shafts options

#### SPECS:

Length: 210-220cm / 215-225cm - weight: about 600 g - blade size: 18 x 48cm / 18 x 48cm / 16 x 50cm - material: carbon fiber, epoxy resin

[www.zijie-sport.com](http://www.zijie-sport.com)

### AINSWORTH - RTM 108 SEA TOUR

Resin Transfer moulded metallic silver glass composite. This material is a high performance fabric laminated with a hollow core to maintain the buoyancy of the blade. Edge wear is very good, as the production process produces a very high fibre to resin ratio, and all end toes orientated towards the edge of the blade. A lightweight high performance paddle at a very modest price. Telescopic splits and crank shaft optional.

#### SPECS:

Sizes 200-230 cm

[www.ainsworthpaddles.co.uk](http://www.ainsworthpaddles.co.uk)

### AINSWORTH - RTM CARBON 106 TOURING

Resin transfer moulded full carbon kayak paddle. The hollow core adds to the buoyancy of the blade and hard carbon laminate produced a rigid construction that enhances the paddling performance. Telescopic splits and crank shaft optional.

#### SPECS:

Sizes 200-230 cm

[www.ainsworthpaddles.co.uk](http://www.ainsworthpaddles.co.uk)

### BENDING BRANCHES - NAVIGATOR

Beauty meets technology. If you are looking for beauty combined with unsurpassed fit, finish and durability in a lightweight paddle that flexes to meet your paddling style, look no further. With the combination of high-tech, ultra lightweight T-700 carbon shaft and the black willow RockGard® protected blade, the Navigator stands alone. Elite beauty is now available to all kayak paddlers with the Navigator's quality, durability, and class. Bending Branches paddles are handcrafted in Osceola, Wisconsin USA.

#### SPECS:

Length: 210- 240 cm - weight: 28 oz (794g) - blade size: 6.2" x 20.1" (96 sq. in.) - feather: 0° & 60° - Left or Right - material: Satin T-700 Carbon Shaft - Fiberglass reinforced Black Willow Blade

[www.bendingbranches.com](http://www.bendingbranches.com)

### LETTMANN - ERGONOM PRO TOUR

The unique sea kayak and touring paddle! On the search for a new concept of a paddle we developed the Ergonom Pro. Although the size of the face of the blade was reduced, this paddle offers you more power. This appears because of the angle between the blade and the shaft and also through the shape of the blade and its new profile. This new design makes it stable, durable and very easy to control. A paddle for high angle paddling. Available in two sizes.

#### SPECS:

Length: 196cm - 235 cm - weight: 1030g - blade size: large, small - feather: 55°, custom - material: Carbon foam core

[www.lettmann.de](http://www.lettmann.de)

### PANENKA - CHALLENGE

Exclusive paddle for sea kayaking and lake touring. Light and durable. Takes you all around the coast.

#### SPECS:

Length: 190-230 cm - weight: 790 g - material: carbon-kevlar

[www.panenka-paddles.cz](http://www.panenka-paddles.cz)

### SWIFT PADDLES - MID SWIFT

The Mid Swift delivers plenty of pull and control in rough water and is easy to control in wind. It is the ideal paddle for extended paddling in varied and changeable conditions. Swift paddles possess a radiant translucence in sunlight that is highly visible and exceptionally beautiful. We offer many stunning custom fabric inlays and four jewel tone translucent colors. Swift paddle blades are available in composite or all graphite construction with holographic stripes. Combined with an ovaled graphite shaft and easy adjust feathering, the asymmetrical blade moves smoothly through the water with each powerful but efficient stroke.

#### SPECS:

Length: 201-240 cm - weight: 765-907 g - blade size: 16 x 52 cm - feather: adjustable - material: fiberglass and carbon

[www.swiftpaddles.com](http://www.swiftpaddles.com)

### WERNER - KALLISTE

The Kalliste's performance core blades have an exceptionally light buoyant feel on the water and offer silky smooth strokes that make paddling all day long feel effortless. The Kalliste is the ultimate choice for low angle kayakers.

#### SPECS:

Length: 210-260 cm - weight: 23 oz Straight Shaft; 26 oz Bent Shaft - blade size: 52 x 16 cm - feather: Smart View Adjustable Ferrule System: 15 degree - material: Performance Core Carbon

[www.wernerpaddles.com](http://www.wernerpaddles.com)

# SEA KAYAK PADDLES - PERFORMANCE

With progressive technology and shape, performance paddles suit the advanced kayaker and make cruising a pleasure.

NEW FOR 2012

## KOBER - ARCHIPEL EFC

The new generation of laminated fiberglass touring paddles built with revolutionary EFC-technology. The mid sized blades with their hydrodynamically perfect back sides support power saving paddling from catch to release. The tip is additionally reinforced.

### SPECS:

Length: 215, 220, 230, 240 cm - weight: ca. 795 g - blade size: 49,5 x 17,5 cm - feather: 60° R/L - material: fiberglass, EFC

[www.kober-paddel.de](http://www.kober-paddel.de)

NEW FOR 2012

## STELLAR - WING PADDLE

Stellar Kayaks Wing paddles come in a variety of laminates, from the ultra stiff and light carbon to the durable fiberglass. The medium twist blades are comfortable to paddle with and produce more propulsion than the traditional touring blade. The cam-collar allows complete adjustment of length and feather angle quickly and easily.

### SPECS:

Length: 205-215cm - weight: 780-950g - blade size: 755 cm² - feather: Adjustable - material: Carbon or Fiberglass

[www.stellarkayaks.com](http://www.stellarkayaks.com)

NEW FOR 2012

## TNP - PYXIS

TNP presents a new paddle for your leisure time. Designed by expert paddlers, this is a must in your equipment! The balanced performance of the blade together with the shaft of your choice offers you the best paddling characteristics. You can combine it with the YP Vario Pro coupling to set any type of angle.

### SPECS:

Length: 200-240 cm - weight: 770-1040 g - blade size: 604 cm² - feather: adjustable - material: Blade: PAG

[www.tnp.cz](http://www.tnp.cz)

NEW FOR 2012

## TYWARP - TOUR BB

Eco-friendly performance sea kayak paddle. Our Eco Series feature a whole range of whitewater and touring paddles made of natural fibres. The Tour BB consists of basalt fibre blade and shaft. Fully recyclable, non-hazardous, non-polluting - ready for a green tour in your favourite waters.

### SPECS:

Length: 210-240 - weight: 850g - blade size: 48x17cm - feather: adjustable - material: Basalt fibre

[www.tywarp.com](http://www.tywarp.com)

## AQUA-BOUND - STING RAY CARBON

The Sting Ray Carbon kayak paddle features an Aqua-Bound exclusive blade style, for flat and slow-moving water. With the lightweight Carbon abX fiber blade, providing extra strength and stiffness along with the low swing weight pure carbon shaft, the Sting Ray Carbon kayak paddle is a first class touring choice! There's no better value on the market in terms of quality, durability, and class. Aqua-Bound paddles are products of Osceola, Wisconsin USA.

### SPECS:

Length: 210-250 cm - weight: 28.75 oz / 815 g - blade size: 15.8 x 45.7 cm (561 cm²) - feather: Snap Button or TLC - material: Carbon

[www.aquabound.com](http://www.aquabound.com)

## PROFIPLAST - NOMAD

As the new jewel of our touring range, the X.TR is an amazing paddle. Light, smooth strokes, comfortable and maneuverable the XTR will satisfy beginners as well as the most experienced paddlers.

### SPECS:

Length: 180-230 cm - weight: 936 g - blade size: 645 cm² - material: PA with carbon

[www.profiplast.com](http://www.profiplast.com)

# SEA KAYAK PADDLES - ENTRY LEVEL

Made in a variety of shapes, angles, and sizes, with pricing accessible to all paddlers.

NEW FOR 2012

## H2O - ECO REC

The ECO Rec features all the paddling performance from H2O's Crystal-X series. Designed for the kayaker with a conscience, our blades are made from 100% recycled nylon. The trihedral blade design allows for a smooth, flutter-free stroke. Stiffness, durability and the unmistakable "H2O-green" blade will let everyone know that you care about the waters you're paddling on. Features: - 2 piece breakdown paddle - Simplified Carbon Center Joint

### SPECS:

Length: 210-240 cm - weight: 35 oz - blade size: 570 cm² - feather: 0 & 60 degree offsets  
- material: Fiberglass Shaft / Glass Nylon Blades

<http://h2opaddles.com>

NEW FOR 2012

## SCHLEGEL - TOURING

The Touring paddle from Schlegel is notable due to its reduced weight as well as for its robustness – something unusual for Rim paddles. The asymmetrical blade with its leading edge ensures a precise stroke with minimal effort. Blade: PU Rim Shaft: Anodised aluminium with plastic oval grips.

### SPECS:

Length: 215/220/225/230 cm - feather: 60 - material: PU

## NRS - CVEST

Designed with offshore sea kayakers in mind, the NRS C-Vest PFD has six pockets, including one for a radio, providing lots of handy storage. It includes lanyard loops and an accessory lash tab on the front, plus a beacon loop on the back. It features SOLAS reflective tape for low-light visibility.

**Sizes:** S/M, L/XL, XXL  
**Colors:** red, blue, orange

[www.nrsweb.com](http://www.nrsweb.com)

## AQUARIUS - KAJAK PRO

Description: Aquarius MQ Kajak PRO is a well fitted and light vest for sea kayak and touring paddlers. The base for this vest was Aquarius MQ but we added two big zipper pockets. The most important value of this PFD is that you don't feel it but you are safety. Colours available: red/black, yellow/black, green/black

**Sizes:** S,M,L,XL, XXL

[www.aquariusport.com](http://www.aquariusport.com)

## ASTRAL - SEA WOLF

A full-featured vest for sea kayak pros, the Sea Wolf combines our Foam Tectonic platform with all the essentials and storage space required by expedition level paddlers. Features include: Large zippered clam shell front pocket, Hydro-Vent back to keep the user hydrated and cool, stretch-mesh side pockets...

**Sizes:** S/M, M/L, L/XL  
**Colours:** Red, Black - Buoyancy: 70cn

[www.astralbuoyancy.com](http://www.astralbuoyancy.com)

## KANUK - 405 LIFEJACKET

Designed for seakayaking, training and competition. Cut to allow maximum mobility and rotation. Adjustable shoulder bands with neoprene underneath. Reflective material on top. Adjustable bands on the sides with quick lock. A mesh pocket on the front and prepared for the attachment of a bottle bag.

**Size:** one size fits all (40-110 kg)

[www.kanuk.nu](http://www.kanuk.nu)

## LANGER - LAKEMASTER PRO

Stylish and easy to wear touring Personal Flotation Device with a front pocket and comfortable PVC foam. Adjustable straps at the shoulders and on the side makes it easy to find the perfect fit with or without a jacket. The front zipper makes putting this PFD on a snap!

**Material:** Ripstop Nylon - **Colour:** yellow

[www.textil-langer.de](http://www.textil-langer.de)

## STOHLQUIST - BETSEA

Ladies, the Stohlquist BetSEA was designed just for you. The low-profile WRAPTURE™ shaped torso stays out of your way while you paddle so you can spend more time having fun on the water and less time cursing your lame unisex PFD. The low-cut of the BetSEA eliminates annoying chin-rub, and the built-in supportive inner cups wrap rather than crush.

**Sizes:** SM/MD, LG/XL, Plus

[www.stohlquist.com](http://www.stohlquist.com)

## STOHLQUIST - DRIFTER

For quiet mornings on the lake or rough mornings at sea... zip up the Stohlquist Drifter and paddle away. This low-profile PFD has a Cross-Chest Cinch harness that eliminates ride-up. Extra-wide armholes won't detract from your strokes. Other boaters will be able to see you even if you aren't making a wake with 3M reflective trim. Large front pockets can hold a knife, sunscreen, GPS...

**Sizes:** SM/MD, LG/XL, XXL

[www.stohlquist.com](http://www.stohlquist.com)

## YAK - TAHU

Re-styled for 2012 with new graphics and features, this side zip vest is aimed squarely at the adventurous touring paddler. New easy slide low profile buckles for shoulders and waist. Large front cargo pocket & easy access knife pocket. Multipoint easy slide adjustment & neoprene panels for the ultimate fit. Reflective highlights for improved low light visibility.

**Sizes:** S/M, M/L, XL  
**Colours:** Orange/Black and Red/Black

[www.yak-paddling.com](http://www.yak-paddling.com)

## PALM - KAIKOURA

A front zipped expedition level touring PFD packed with features and storage space. Flex Formed Foam technology means you barely notice you are wearing it.

**Sizes:** XS/S, M/L, XL/XXL  
**Colours:** Red/Grey and Blue/Grey

[www.palmequipementurope.com](http://www.palmequipementurope.com)

NEW FOR 2012

## HF - OCEAN SKIRT

Specific Seakayaking Spraydeck with reinforced deck section and multistretch bodytube - made in Europe! Details: • Deck section with additional resistance to abrasion • Latex reinforcement inside • 4 D-ring fixing points • Deck elastic • Front loop in contrast colour

[www.paddle-people.com](http://www.paddle-people.com)

NEW FOR 2012

## SEALS - CALYPSO

The Calypso is a hybrid neoprene/nylon sprayskirt that is constructed out of high performance 3.5mm compression resistant neoprene on the deck and a low fit, waterproof, breathable fabric tunnel with adjustable neoprene waistband. At the base of the tunnel, there is a 3" neoprene transition to the deck, which creates a 100% waterproof seal at the deck seam.

**Waistsize:** one size - **cockpitsize:** 1.2, 1.4, 1.7

[www.sealsskirts.com](http://www.sealsskirts.com)

NEW FOR 2012

## DUEM STUFF - GRIP TOUR DECK

Grip spraydecks feature Mash edge, which assures the best grip possible. That makes them perfect mid-range plastic boat spraydecks, especially on those boats that do not have the best holding cockpit edges. FEATURES • 3mm double nylon neoprene base • 3mm Ultraspan waist • Mash bottom rim for better grip • Elastic deck loops...

**Waistsize:** S (< 65cm), M/L (65cm – 85cm), XL (> 85cm) - **cockpitsize:** Keyhole, Bigdeck

[www.duemstuff.com](http://www.duemstuff.com)

## REED CHILLCHEATER – AQUATHERM SPRAYDECK WITH BRACES

A lightweight revolutionary design. Ideal for slalom, sea kayaking, polo, touring and recreational use. Elasticated braces. Aquatherm deck fabric has 360 degree stretch, instant memory return, and has 80% less volume and weight compared with traditional neoprene products without compromising performance.

**Waistsize:** S, M, L, XL, XXL - **Cockpitsize:** All

[www.chillcheater.com](http://www.chillcheater.com)

## SEALS - ATHENA

Seals Sprayskirts & Accessories is excited to introduce its first line of women's specific sprayskirts. The Athena is an all neoprene sprayskirt that is constructed out of high performance 3.5mm compression resistant neoprene. Its E-Z stretch 3/8" stitched bungee allows for easier attachment of the sprayskirt to the rim. Its form fitting, lower fit 6" high tunnel is the perfect height!

**Waistsize:** S, M, L, XL - **cockpitsize:** 1.2, 1.4, 1.7

[www.sealsskirts.com](http://www.sealsskirts.com)

## TRAK - CUSTOM SPRAY DECK

Enjoy watertight access to your T-1600 kayak's TPS system without removing your spray deck with this custom spray deck. The skirt is made of Reed Chill Cheater's Aquatherm material, a revolutionary material that provides insulation from wind and water while protecting the boater from UV rays.

**Waistsize:** 65-95 cm, L & XL  
**Cockpitsize:** 42 x 81 cm

[www.rethinkkayak.com](http://www.rethinkkayak.com)

## YAK - ZINC

3.8mm Neoprene touring spray deck with shock cord outer rim for secure fit. Latex on underside for improved deck seal. Superstretch Neoprene waist tube. Glued and blindstitched construction. 25mm webbing release handle.

**Waistsize:** S/M, M/L - **cockpitsize:** Keyhole, Big Deck, Extra Big Deck

[www.yak-paddling.com](http://www.yak-paddling.com)

## °HF – TOUR SKIRT

The popular Tour Skirt from spraydeck specialist °hf is now produced for cockpits of all sizes. Initially launched only in Keyhole and Bigdeck the well featured Tour Skirt quickly generated demand for more cockpit sizes. It is now available in 5 sizes from "Small Deck" to "SuperTour".

**Waistsize:** onesize - **cockpitsize:** Small, KH, Big, SuperBig, Supertour

[www.paddle-people.com](http://www.paddle-people.com)

## PEAK UK - OCEAN DECK

Construction: Blind stitched and latex sealed seams throughout. Shockcord style deck. Fabric: 4mm tough faced neoprene with latex reinforcing on top and underneath. Features: No seams in the deck section. Very durable 4mm neoprene. Shockcord gear - map holder. Body Sizes:

**Sizes:** S/M, L/XL, XXL.

[www.peakuk.com](http://www.peakuk.com)
